

Can-Do Electric

Quality Electrical Construction and Design

November 3, 2011

To whom it may concern,

Our company has had the privilege of using the services of Riva Calleja for about 10 years.

It is always a joy to work with Riva, she is very good at her job and we know she has the best at heart for us and our insurance needs.

Also, Riva is very upbeat and you will find that this lady will work very hard for you and your company.

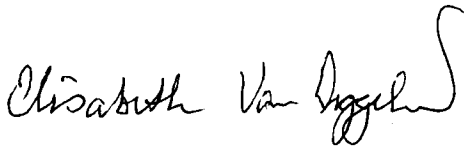

A lot of our employees work out in the field and Riva will go to them if they can't make it in the office.

She will go far to make it work for the guys, that's why we all think the world of her.

She is a welcome addition to any company for their insurance needs!

Sincerely,

Can-Do Electric, Inc.,
